

Certificate Of Compliance

This is to certify that the:

BHGE – Control Solutions

Security ST MarkVIe Solution and Commissioning Services Reference

Manufactured by:

BHGE – Control Solutions

Is in compliance with the requirements set forth by:

Achilles Practices Certification: IEC 62443-2-4

Conformance blocks:

Solution Staffing, Assurance, Solution Hardening/Network Security/Data Protection, Configuration Management, Event Management, Account Management, Malware Protection, Patch Management, Backup/Restore

GE Digital's Achilles Practices Certification Program is based on IEC 62443-2-4:2015: Security for industrial automation and control systems - Part 2-4: Security program requirements for IACS service providers.

This certificate is restricted to the specified versions and services capability of the referenced Solution (including model numbers, hardware/firmware/software versions and integration and/or maintenance services) set forth by the APC 2-4 Scope Declaration.

Conformance Blocks and their corresponding requirement IDs and maturity levels are specified in the GE Digital APC 2-4 Test Report and Scope Declaration.

Any change to the proposed solution or services may impair the installed Solution's ability to pass the standards referenced in this certificate.

This certificate is subject to revocation by GE Digital.
