GE Wilmington Announces Results of Annual Campaign to Support the United Way of the Cape Fear Area

WILMINGTON, N.C.—December 14, 2017—GE Hitachi Nuclear Energy (GEH) and GE Aviation today announced raising nearly \$355,000 during the annual fall campaign to support the United Way of the Cape Fear Area. The funds go to charities selected by the United Way of the Cape Fear Area in Brunswick, Columbus, New Hanover and Pender counties.

“GE and its employees are long-time supporters of the United Way’s mission to empower people who are working toward leading self-sufficient, healthy lives throughout the Cape Fear region,” said Jay Wileman, president and CEO, GEH. “We are proud to give back to the community by supporting the life-changing programs that benefit those who need a helping hand.”

In addition to payroll pledges, GE employees raised money by participating in a golf tournament and parking spot auction.

GE Wilmington supports the community through a variety of volunteer and charitable efforts. Each year GE Wilmington employees, family and friends volunteer thousands of hours to support local community service events and programs including Work on Wilmington, Heart Walk and Surfers Healing.

Nationwide, GE employees and retirees support nearly 600 United Way chapters and many other charities through annual giving campaigns.

About GE Hitachi Nuclear Energy

Based in Wilmington, N.C., GE Hitachi Nuclear Energy (GEH) is a world-leading provider of advanced reactors and nuclear services. Established in 2007, GEH is a global nuclear alliance created by GE and Hitachi to serve the global nuclear industry. The nuclear alliance executes a single, strategic vision to create a broader portfolio of solutions, expanding its capabilities for new reactor and service opportunities. The alliance offers customers around the world the technological leadership required to effectively enhance reactor performance, power output and safety. Follow GEH on LinkedIn and Twitter [@gehnuclear](https://twitter.com/gehnuclear).
