Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 22nd April 2016, the discontinuation of the manufacturing and supply of D25KE Control Modules was announced. The manufacture of these modules was discontinued in 2006.

On 30th May 2016, this notice was revised.

On 13th December 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.
