Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of supply for older offerings or design variants.

On 28th June 2023, GE Vernova Grid Solutions announced the discontinuation of the supply of Selected Variants of LogicLinx L32Bit Editor Licenses as shown in row 3 of the table below.

On 5th October 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

On 1st June 2026, the discontinuation of the supply of the remaining LogicLinx L32Bit Editor Replacement and Upgrade Licenses was announced as Order Book Closed as shown in rows 1 & 2 of the table below. The spelling was corrected from LogicLink to LogicLinx throughout this document.

Support

GE Vernova's warranty provision is unaffected by this End-of-Supply Notification. After order book closed, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via: <https://www.gevernova.com/grid-solutions/contact.htm?loc=3> or <https://www.gevernova.com/grid-solutions/automation/protection-control-metering>.
