CATEGORY: ☐Change of support level ☒Discontinuation notice

Dear Valued Customer,

CBWatch2 has been supplied all over the world during the last 15 years and is now replaced by more powerful CBWatch3, modular and fully compliant with latest standards. CB Watch 3 was successfully deployed already one year ago into the circuit breaker monitoring market.

GE Vernova will continue to provide Service on the CBWatch2 product until 31st December 2025.

To check any replacement possibilities from CB Watch 2 to CB Watch 3, or should you need support with any other enquiries, please contact your local sales representative.

Please further note that any subsequent transactions are conditioned upon and would be subject to compliance with all U.S. and other applicable trade control laws and regulations in place.

GE Grid Solutions appreciates and values our business relationship and looks forward to your continued interest in our products. We thank you for your understanding and we are ready to work with you in finding solutions to suit your specific needs.

Yours sincerely,

GE Vernova Grid Solutions Digital Product Manager

Nicolas Gadacz

GE Vernova Grid Solutions Service Product Manager

Manuel Arribas
