Product Support Information

PRODUCT LINE: ☒GIS ☐ AIS ☐ TRANSFORMER ☐HVDC ☐FACTS ☐SPS ☐CAPACITOR
CATEGORY: ☐ Service-Level Change ☒Discontinuation Notice

BACKGROUND

GE Vernova is committed to customer care and the support of our products. As part of this commitment, GE Vernova strives to design high quality products, provide knowledgeable support teams, and communicate the availability of new features or products and the withdrawal of support for aging products.

PRODUCT DESCRIPTION

GE Vernova ceased the manufacturing of the products listed below in the 1980s.

The components' obsolescence, design constraints, and vanishing supply chain competencies have resulted in the impossibility of providing maintenance or repairs by 03/31/2028. The last accepted customer order date has been scheduled for 03/31/2027.

This notice applies to the following products manufactured by GE Vernova and legacy companies:

- C105
- C65

In accordance with GE Vernova's obsolescence strategy and considering the age profile of these products, we will offer a last call opportunity for preventive maintenance, to be provided upon customer request.

CONTACT INFORMATION

For any questions or comments, please contact your local service team who will be glad to attend to your inquiries.
