SEPTEMBER QUARTER REPORT CARD

Adani to raise ₹25K-cr via rights issue

● Reports 84% increase in profit at ₹3,199 crore

RAGHAVENDRA KAMATH
Mumbai, November 4

ADANI ENTERPRISES ON Tuesday said its board has approved a fundraise of ₹25,000 crore through a rights issue, aimed at strengthening its balance sheet and supporting the next phase of business incubation.

The company said in a release that the next generation of its strategic investments will focus on the green hydrogen ecosystem, airport management, data centres, roads, and primary industries such as copper and petrochemicals — all of which, it noted, have significant scope for value unlocking.

In an exchange filing, Adani Enterprises said its board has approved the issuance of partly-paid-up equity shares of face value ₹1 each for an

■ Revenue falls 6% to **₹21,249 cr**

■ Analysts had projected revenue of **₹24,759 cr**

GAUTAM ADANI,
CHAIRMAN, ADANI GROUP

With AI data centre, rapid progress in RE ecosystem, AEL is accelerating India's transition toward a tech-driven future

amount not exceeding ₹25,000 crore by way of a rights issue to eligible shareholders. The proceeds are expected to be deployed towards the company's infrastructure ventures.

For the second quarter of FY26, Adani Enterprises reported a net profit of ₹3,199 crore, up 84% from ₹1,742 crore in Q2FY25. The profit for the quarter included an exceptional gain of ₹3,583 crore from the sale of a stake

in AWL Agri Business, formerly known as Adani Wilmar. Analysts, however, had expected a net loss of ₹823 crore for the quarter.

The company missed analyst estimates on revenue, posting a 6% decline to ₹21,249 crore compared to ₹22,608 crore in Q2FY25. Analysts had projected revenue of ₹24,759 crore.

Adani Enterprises' Ebitda fell 12% to ₹3,307 crore from ₹3,766 crore in the year-ago

quarter, below analyst expectations of ₹3,863 crore.

The company's Ebitda margin slipped from 16.7% in Q2FY25 to 15.6% in Q2FY26.

"With disciplined execution and strategic diversification, Adani Enterprises continues to strengthen its position as India's leading incubator of transformative infrastructure and energy businesses," said Gautam Adani, chairman of the Adani Group.

"The inauguration of the

Navi Mumbai International Airport marks a defining moment in India's infrastructure story and reinforces AEL's role as a national growth catalyst. Our strong performance across airports, data centres and roads underscore the momentum of our core infrastructure portfolio. With partnerships such as the one with Google for India's largest AI data centre and rapid progress in our green energy ecosystem, AEL is accelerating India's transition toward a sustainable, technology-driven future. We remain committed to building globally competitive businesses that create enduring value for our stakeholders and strengthen the foundation of a self-reliant India," Adani added.

The company said its solar module sales continue to track at 1 GW per quarter, with domestic sales rising 43% year-on-year during the first half of FY26. Construction for an additional 6 GW of cell and module lines is progressing as per schedule, it added.

OpenAI launches IndQA to test AI on Indian languages

ANEEES HUSSAIN
Bengaluru, November 4

OPENAI ON TUESDAY unveiled IndQA, a new benchmark designed to evaluate how well artificial intelligence (AI) models understand and reason about questions rooted in Indian languages and cultural contexts.

IndQA marks the company's first region-specific benchmarking effort, signaling a broader move by OpenAI to create similar evaluation tools for other linguistic and cultural regions in the future.

Srinivas Narayan, CTO of B2B Applications at OpenAI, said India was chosen "as an obvious starting point given its market size, linguistic diversity with approximately one billion people who don't use English as their primary language, and cultural richness".

India currently represents OpenAI's second-largest market for ChatGPT, among its roughly 8 million weekly active users worldwide.

IndQA uses a rubric-based grading approach, where each AI-generated response is scored against a set of expert-defined criteria specific to the question. These criteria describe what an ideal answer should include or avoid, with each item weighted according to importance. A

AI major explores data centre infra in India

ANEEES HUSSAIN
Bengaluru, November 4

OPENAI IS ACTIVELY considering the establishment of data centre infrastructure in India as the artificial intelligence (AI) giant deepens its commitment to what has become its second-largest and fastest-growing consumer market, Narayan said. "Infrastructure build-out is a very big thing for us. We are absolutely excited about partnering with players in India to create infrastructure within the country both for the local usage and also for hosting applications here that can be used worldwide,"

Narayan said in an interaction with media on the sidelines of 'OpenAI DevDay (Exchange)'.

However, he declined to share specific timelines or details on the progress of these plans so far.

The development comes as the San Francisco-based company expands its footprint in India, following the establishment of its first office in Delhi earlier this year.

When asked about potential plans to introduce India-specific pricing for developers, Narayan remained noncommittal but open to the idea.

Indian Hotels profit down 49%; revenue up 12%

● Outlook for H2 remains strong with a rebound in corporate travel

VIVEAT SUSAN PINTO
Mumbai, November 4

HOSPITALITY MAJOR INDIAN Hotels Company (IHCL) on Tuesday reported a 48.6% year-on-year decline in net profit to ₹285 crore for the quarter ended September 30 (Q2FY26).

The company clarified that the net profit figure excludes a one-off exceptional gain of ₹307 crore recorded in Q2FY25, related to the subsidisation of TajSATS. Despite the year-on-year decline, the Q2FY26 bottom line was better than analysts' expectations of a net loss of ₹330 crore, according to poll of analysts by Bloomberg.

Revenue from operations rose 11.8% year-on-year to ₹2,041 crore, broadly in line with street estimates of ₹2,069 crore for the quarter. Total expenses increased to ₹1,672 crore, up from ₹1,502 crore in the same period last year.

Earnings before interest, tax, depreciation and amortisa-

tion (Ebitda) rose 13.7% year-on-year to ₹570 crore, compared with ₹501 crore in Q2FY25. The figure was largely in line with analyst expectations of ₹573 crore. Ebitda margins improved slightly to 27.9%, from 27.5% in the corresponding quarter last year.

IHCL, which owns the iconic 'Taj' brand, operates two major revenue streams — hotel services and air and institutional catering (TajSATS).

Managing Director and CEO

Puneet Chhatwal said the company achieved 46 new signings in the first half of FY26, expanding its portfolio to 570 hotels. It also opened 26 new hotels during the same period, crossing 250 operating properties in India with a total inventory of over 25,000 rooms.

Under IHCL's strategic partnership with the Clarks Group, Chhatwal said that 14 hotels have been successfully onboarded onto IHCL's sales and distribution network. "The remaining portfolio is set to migrate to IHCL's brandscape in the coming months," he added.

He also confirmed that construction of the Taj Bandstand in Mumbai has commenced following receipt of all necessary approvals.

"The outlook for the second half of the fiscal year remains strong with a rebound in corporate travel, seasonal surge in social events and global conventions and trade fairs," Chhatwal said.

IHCL further stated that it has completed planned renovations in the first seven months of FY26 across key flagship properties, including Taj Fort Aguada Resort & Spa (Goa), Taj Palace (Delhi), and The Taj Mahal Palace (Mumbai).

ABFRL loss widens, revenue rises 12.6%

FE BUREAU
Mumbai, November 4

ADITYA BIRLA FASHION and Retail (ABFRL) on Tuesday reported a widening consolidated net loss of ₹263 crore for the quarter ended September 30 (Q2FY26), compared with a net loss of ₹146 crore in the same period last year.

The reported loss was higher than analysts' expectations of a ₹229 crore net loss, according to a Bloomberg poll.

Despite the wider loss, ABFRL recorded improved revenue growth during the quarter.

Revenue from operations rose 12.6% year-on-year to

₹1,982 crore, compared to the previous year's ₹1,760 crore. The figure was largely in line with street estimates of ₹1,959 crore.

Earnings before interest, tax, depreciation, and amortisation (Ebitda) fell 14.3% year-on-year to ₹69 crore, missing analyst estimates of ₹114 crore for the quarter. Ebitda margins also declined by 110 basis points to 3.5% in Q2FY26, from 4.6% a year earlier.

Shares of ABFRL were down 1.31% at the end of trade on Tuesday to ₹84.18 apiece on the BSE. The results were declared after market hours.
