Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

On October 22nd, 2018, GE Grid Solutions announced the discontinuation of manufacture and sale of Software 35/42 for P142.

On October 31st, 2019, Software 42 for P142 was reintroduced to the portfolio, and remains available for purchase.

This notice does not apply to any other version not explicitly listed.

PRODUCT	LAST ORDER DATE	ALTERNATIVE
P142 Software 42	<i>Reintroduced to portfolio – product remains available for purchase</i>	
P142 Software 35	Order book closed	P142 with Software 61 and Hardware P (IEC 61850 Ed. 2) or P142 with Software 52 and Hardware J (IEC 61850 Ed. 1)

Recommended Alternative Products

Visit our website at <http://www.gegridsolutions.com/multilin/selector/> for more information about alternative products.

Support Timeframe

GE is committed to supporting our customers' protection and control needs. GE's warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order dates elapse, a repair service follows subject to material availability, which extends to repairing failed components and modules, but not to providing advanced replacements or a newly-produced finished identical product or new module as a replacement/spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per product basis.

For Additional Information

If we can provide assistance with migration to new products, please contact us for help. Advice and assistance is also available via:
