Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

On May 10th, 2021, GE Grid Solutions announced the discontinuation of the manufacture and sale of **Software 30 for P441**. On 12th December 2022, GE Grid Solutions announced the discontinuation of the manufacture and sale of **Software 30 for P442 and P444** and expanded the alternatives to include P44 Software AA.

On 28th June 2023, GE the **alternatives for P444** as shown below.

This notice does not apply to any other model not explicitly listed.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you feel you may need. Orders should be placed prior to the last order date shown. **Orders will be fulfilled based upon availability** and shipments typically occur within three months of the last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

OFFERING	LAST ORDER DATE	ALTERNATIVE
P441 Software 30	30th October 2022	P44 Software AA or P441 Software 60
P442 Software 30	31st December 2023	P44 Software AA or P442 Software 60
P444 Software 30	31st December 2023	P44 Software AA or P444 Software 91

Support

GE's warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order date elapses, a repair service follows for products no longer under warranty subject to material availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per product basis.
