## Background

GE Vernova Grid Solutions is committed to customer care and the support of our products. As part of this commitment, we strive to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

On December 12<sup>th</sup>, 2022, GE Grid Solutions announced the discontinuation of the manufacture and sale of **Firmware 7.00, 7.20-7.25, 7.41, 7.62 & 7.64-7.65 for UR Relays.**

On 18<sup>th</sup> December 2023, the alternatives were revised as shown below.

On 20<sup>th</sup> June 2024, GE announced the discontinuation of the manufacture and sale of **Firmware 7.10, 7.30, 7.71, 7.72, and 7.80 for UR Relays.**

## Last-Time Buy Window

Please plan the purchase of any additional or spare devices that you feel you may need. Orders should be placed prior to the last order date shown. **Orders will be fulfilled based upon availability** and products typically ship within three months of the last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

## Support

GE Vernova’s warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order date elapses, a repair service follows for products no longer under warranty subject to

material availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per product basis.
