Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

In April 2017, GE announced the discontinuation of manufacture and sale of the **MIFII and MIVII** due to newer product replacements being available in the **Multilin 3 Series** and offered a Last-Time Buy opportunity.

On February 28th, 2018, the Last-time Buy Window for the MIFII and MIVII was extended to October 1st, 2018.

On October 22nd, 2018, the list of alternative products was updated.

This notice does not apply to any other model not explicitly listed.

Last-Time Buy Window

The table which follows outlines the strategy for the affected product(s) - within your organization please plan now the purchase of any additional or spare devices that you feel you may need. Orders should be routed to us prior to the last order date shown. Orders will be fulfilled based upon availability and products will be typically ship within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

PRODUCT	LAST ORDER DATE	ALTERNATIVE
MIFII	1st October 2018	P14N, 350 feeder relays
MIVII	1st October 2018	P94V, 350 feeder relays
