

MU320 End-of-Manufacturing Notice

Excerpt from GE Publication Number: GER-4900

Issued: 15th December 2020

Revision Date:

- 20th September 2021 (Excerpt from End-of-Manufacturing Notice GER-4919)

Copyright © 2021 General Electric

Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

On 15th December 2020, GE Grid Solutions announced plans to discontinue the manufacture and sale of **MU320**. This notice does not apply to any other model not explicitly listed.

On 20th September 2021, GE Grid Solutions **extended the last-time buy window**.

Last-Time Buy Window

Please plan the purchase of any additional or spare devices that you feel you may need. Orders should be routed to GE prior to the last order date shown. **Orders will be fulfilled based upon availability** and products typically ship within three months of the last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

PRODUCT	LAST ORDER DATE	ALTERNATIVE
MU320 Order codes: MU320xxxxxxxxxA	29th July 2022	MU320E Order codes: MU320xxxxxxxxxxxxxxxxxE

Support

GE's warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order dates elapse, a repair service follows for products no longer under warranty subject to material availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per product basis.
