

S20 SFP Transceiver SFP1GFO120K End-of-Manufacturing Notice

Excerpt from GE Publication Number: GER-4938

Issued: 12th December 2022

Copyright © 2022 General Electric

Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

GE Grid Solutions is discontinuing the manufacture and sale of **S20 SFP Transceiver SFP1GFO120K**.

Last-Time Buy Window

Please plan the purchase of any additional or spare devices that you feel you may need. Orders should be placed prior to the last order date shown. **Orders will be fulfilled based upon availability** and products typically ship within three months of the last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

PRODUCT	LAST ORDER DATE	ALTERNATIVE
S20 SFP Transceiver 1000Mbps LC, 1550nm wavelength, 120km Order code: SFP1GFO120K	8th November 2023	S20 SFP Transceiver 1000Mbps LC single mode, 1310nm wavelength, 20km Order code: SFP1GFO20K

Support

GE's warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order date elapses, a repair service follows for products no longer under warranty subject to material availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per product basis.

For Additional Information

If we can provide assistance with migration to new products, please contact us for help. Advice and assistance are also available via: <http://www.gegridsolutions.com/contact.htm?loc=3> or <http://www.gegridsolutions.com/multilin>
