## Background

GE Grid Solutions is committed to customer care and the support of our products. As part of this commitment, GE strives to design high quality products, provide knowledge-based support, and to communicate the availability of new features or products as well as the pending discontinuation of manufacturing for older products or design variants.

GE Grid Solutions is discontinuing the manufacture and sale of Options 2E, 2F, 2G, 2H, 7E, 7L and 74 for UR Inter-Relay Communications.

**On October 31<sup>st</sup>, 2019, Option 2H for UR Inter-Relay Communications was reintroduced to the portfolio and remains available for purchase.**

This notice does not apply to any other model or option not explicitly listed.

## Last-Time Buy Window

This document outlines the strategy for affected products - within your organization please plan the purchase of any additional or spare devices that you feel you may need. Orders should be routed to us prior to the last order date shown. Orders will be fulfilled based upon availability and products typically ship within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

## Support Timeframe

GE is committed to supporting our customers' protection and control needs. GE's warranty provision is unaffected by this End-of-Manufacturing Notification. After the published last order dates elapse, a repair service follows subject to material availability, which extends to repairing failed components and modules, but not to providing advanced replacements or a newly-produced finished identical product or new module as a replacement/spare.

Customers should contact GE if they need further information concerning the level of service that is provided on a per product basis.
