GE VERNOVA

GRID Solutions

Firmware Versions 7.00 to 7.52 for C650 & F650 End-of-Manufacturing/Supply Notice

Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 28th February 2018, GE Vernova Grid Solutions announced the discontinuation of the manufacturing and supply of Firmware Versions 7.00 to 7.52 for C650 & F650.

On 17th October 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After order book closed, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.
