### Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 24<sup>th</sup> November 2015, the discontinuation of the manufacturing and supply of ConfigPro was announced.

On 15<sup>th</sup> December 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

### Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. We reserve the right to modify the set last buy date at our sole discretion, depending upon the time period during which limited supplies are available.

OFFERING	LAST ORDER DATE	ALTERNATIVE
<b>ConfigPro</b> Order Code: SBE0034	<b>31<sup>st</sup> December 2016</b>	<b>SGConfig</b> Order Code:* 588-0082

\*SGConfig is also available for download on our Technical Support Website.

SGConfig supports D20, D200, D20MX, D25, D400, & iBox product lines. SGConfig encompasses features of the following software products: ConfigPro, D400 Utilities version 3.0.0, and earlier releases of the IEC 61850 Loader. Existing configurations created using any version of ConfigPro can be converted to SGConfig format. Configurations created in SGConfig cannot be used in ConfigPro.
