

D20 AC Peripheral Discontinuance Notice

Excerpt from Publication Number: PRBT-0348

Issued: 13th July 2015

Revision Dates:

- 13th December 2025 (Rebranding Revisions)

Copyright © 2025 GE Vernova

Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 13th July 2015, the discontinuation of the manufacturing and supply of D20 AC Peripherals was announced.

On 13th December 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. We reserve the right to modify the set last buy date at our sole discretion, depending upon the time period during which limited supplies are available.

Support

Before 1st September 2017, while limited supply last, returns and repairs will continue to be processed - estimated repair service time frame is 7 years from the initial publication date of this notice.

After 1st September 2017, for D20AC modules under warranty that cannot be repaired, we will work with customers to explore the use of the D25 AC functionality.
