Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 5th April 2017, the discontinuation of the manufacturing and supply of 239 was announced.

On 9th November 2017, manufacturing for 239 relays was temporarily discontinued due to a component obsolescence affecting production.

On 20th November 2017, the manufacturing for 239 was resumed and the last time buy opportunity for 239 relays was reinstated and extended to 9th July 2019, except for 239 relays with Mod 509. Mod 509 includes directional ground sensing, with 120 V AC polarizing voltage.

On 28th February 2018, the consolidated End-of-Manufacturing notice reaffirmed that the last time buy opportunity for 239 relays was resumed and the last time buy opportunity for 239 relays was reinstated and extended to 9th July 2019, except for 239 relays with Mod 509.

On 22nd October 2018, the last order date for 239 relays (except for 239 relays with MOD 509) was extended to 31st December 2019, and the alternatives were updated to include P24 Agile Relays.

On 15th May 2019, the last order date for 239 relays (except for 239 relays with MOD 509) was extended to 31st December 2021, subject to availability.

On 20th September 2021, the alternatives were updated to include 859.

On 15th November 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. Orders will be fulfilled based upon availability and shipments typically occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

OFFERING	LAST ORDER DATE	ALTERNATIVE
239 (Excluding The Already Obsolete MOD 509 120 VAC Directional Ground)	31st December 2021	339, 859, 869, or P24 Agile Relays

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information
