### Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 28<sup>th</sup> February 2018, the discontinuation of the manufacturing and supply of Software 38 for P442 & P444 was announced.

On 22<sup>nd</sup> October 2018, the offering was revised to include the discontinuation of the manufacturing and supply of Software 38 for P441 and Software 31 for P441, P442, & P444. The alternatives were revised to include Software 80.

On 6<sup>th</sup> December 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

## Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.
