## Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 22<sup>nd</sup> October 2018, the discontinuation of the manufacturing and supply of Transceiver SFP RJ45 SFP1GCU01K for S20 was announced.

On 4<sup>th</sup> December 2025, the alternatives were revised to include descriptions, and this notice was revised in accordance with GE Vernova rebranding guidelines.

OFFERING	STATUS	ALTERNATIVE
<b>Transceiver SFP RJ45 For S20</b> Order code: SFP1GCU01K	<b>Order Book Closed</b>	<b>S20 Transceiver SFP RJ45</b> Order code: SFP1GCU02K

## Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After order book closed, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

## For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via: <https://www.gevernova.com/grid-solutions/contact.htm?loc=3> or <https://www.gevernova.com/grid-solutions/automation/protection-control-metering>.
