Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 15th May 2019, the discontinuation of the manufacturing and supply of Software 55 & 60 for P442 & P444 was announced.

On 31st October 31st, 2019, Software 55 for P442 & P444 was reintroduced to the portfolio and remains available for purchase. Additionally, the alternatives for Software 60 were revised removing Software 86.

On 30th June 2020, the alternatives for Software 60 were revised from Software 72 to Software 91

On 28th June 2023, the offering was revised to include the discontinuation of the manufacturing and supply of Software 55 for P442 with a last order date of 1st December 2023, subject to availability.

On 20th June 2024, the offering was revised to include the discontinuation of the manufacturing and supply of Software 55 for P444 with a last order date of 15th July 2025, subject to availability.

On 5th December 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. Orders will be fulfilled based upon availability and shipments typically occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

Software 60 For P444 Hardware J	3 rd June 2020	P444 Software 91 (IEC 61850 Ed. 1 Or 2) Hardware M

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via: <https://www.gevernova.com/grid-solutions/contact.htm?loc=3> or <https://www.gevernova.com/grid-solutions/automation/protection-control-metering>.
