Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 15th May 2019, the discontinuation of the manufacturing and supply of Software 78 & 85 for P443 was announced.

On 30th June 2020, the alternatives were revised replacing Software 87 with Software 91.

On 15th December 2020, the alternative for P443 Software 85 only was revised from Software 91 to Software 92.

On 4th December 2025, a typo was corrected in the revision date for GER-4885 to remove the word May, and this notice was revised in accordance with GE Vernova rebranding guidelines.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. Orders will be fulfilled based upon availability and shipments typically occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

OFFERING	LAST ORDER DATE	ALTERNATIVE
Software 78 For P443	23 rd January 2020	P443 Software 91 (IEC 61850 Ed 1 Or 2) Hardware M
Software 85 For P443	31 st December 2020	P443 Software 92 (IEC 61850 Ed 1 Or 2) Hardware M

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information
