Hardware Options J, K, N, & P for Selected MiCOM Models End-of-Manufacturing/Supply Notice

Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 30th June 2020, the discontinuation of the manufacturing and supply of Hardware Options J, K, N, & P for Selected MiCOM Models in rows 1 and 2 of the table below was announced with a last order date of 31st December 2020.

On 15th December 2020, the last order date for Hardware J, K, N, & P for P442 Software 72 & 83, and P444 Software 72 & 83 as shown in row 2 of the table below was extended to 30th April 2021. The discontinuation of the manufacturing and sales of Hardware Options J, K, N, & P for P645 in row 3 of the table below was also announced.

On 10th May 2021, the discontinuation of the manufacturing and sales of Hardware Options J, K, N, & P for the additional MiCOM models shown in rows 4 and 5 of the table below was announced.

On 27th May 2022, the discontinuation of the manufacturing and sales of Hardware Options J, K, N, & P for P444 Software 83 & 86, P446, P546, & P841 Software 86, and P645 Software 22 was announced (second posting corrected typo in date).

On 12th December 2022, the retraction of 27th May 2022 announcement of Hardware Options J, K, N, & P for P444 Software 83 & 86, P446, P546, & P841 Software 86, and P645 Software 22 was published as these offerings were previously announced and obsoleted.

On 12th December 2024, the discontinuation of the manufacturing and sales of Hardware Options J, K, N, & P was retracted for the following models: P442/4 Software 72 & 83, P44T Software 02, and P543 Software 76, which remain available for sale, subject to availability. The alternatives in the following table were revised to Contact GE Vernova. This notice was revised in accordance with GE Vernova rebranding guidelines.

On 13th November 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. Orders will be fulfilled based upon availability and shipments typically occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via: https://www.gevernova.com/grid-solutions/contact.htm?loc=3 or https://www.gevernova.com/grid-solutions/automation/protection-control-metering.
