## Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 12<sup>th</sup> December 2022, the discontinuation of the manufacturing and supply of CPU3 for C264 was announced.

On 28<sup>th</sup> June 2023, the last order date for new greenfield substations or projects was specified as 31<sup>st</sup> May 2024.

On 20<sup>th</sup> June 2024, the last-time buy status for C264 CPU3 for greenfield applications was revised to Order Book Closed on 28<sup>th</sup> May 2024, and the status was revised to “Contact GE Vernova for availability for brownfield applications.” The descriptions of the offering and alternatives were revised to include the order codes for CPU3 boards.

On 12<sup>th</sup> December 2024, the status was revised to Contact GE Vernova for availability for brownfield applications (bay extensions & spares). This notice was revised in accordance with GE Vernova rebranding guidelines.

On 26<sup>th</sup> October 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

On 12<sup>th</sup> December 2025, a typo was corrected the 20<sup>th</sup> June 2024 entry in the Background section to reflect that the last-time buy status change occurred on 28<sup>th</sup> May 2024 instead of 31<sup>st</sup> May 2024.

## Status

Please contact GE Vernova regarding the availability of spares or for brownfield applications. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

## Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

## For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via: <https://www.gevernova.com/grid-solutions/contact.htm?loc=3> or <https://www.gevernova.com/grid-solutions/automation/protection-control-metering>.
