## Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 12<sup>th</sup> December 2022, the discontinuation of the manufacturing and supply of Selected Options for MVTP was announced.

On 18<sup>th</sup> December 2023, the offering and alternative order codes for Option C and B, respectively, were revised to correct typos specifying MRTP instead of MVTP.

On 2<sup>nd</sup> December 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

## Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. Orders will be fulfilled based upon availability and shipments typically occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

OFFERING	LAST ORDER DATE	ALTERNATIVE
<b>Option C For MVTP</b> 1-16 V, 10 Second Delay, Hand-Reset Order codes: MVTPxxxxxxCxxxxxE	<b>6<sup>th</sup> December 2023</b>	<b>MVTP Option B</b> 1-16 V, 3 Second Delay, Hand-Reset Order codes: MVTPxxxxxxBxxxxxE

## Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to

availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.
