Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 20th June 2024, the discontinuation of the manufacturing and supply of In/Vn Options 0, J, K, L, M, N, P, R, & V for 4th Generation MiCOM Models was announced.

On 12th December 2024, a typo in the offering description for MiCOM In/Vn Option N on 4th generation MiCOM models was corrected so that it consistently referred to Option N in both locations. This notice was revised in accordance with GE Vernova rebranding guidelines.

On 26th November 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. Orders will be fulfilled based upon availability and shipments typically occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.
