Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 10th June 2025, the discontinuation of the manufacturing and supply of Firmware 4.0 & 4.1 for G100 was announced. For more information regarding Firmware 4.0 for G100, see PRTB-0444.

On 30th November 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After order book closed, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.
