125 VDC Power Supply for MDS Master Station End-of-Manufacturing/Supply Notice

Excerpt from Publication Number: GER-5001

Issued: 10th June 2025

Copyright © 2025 GE Vernoza

Background

GE Vernoza Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 10th June 2025, the discontinuation of the manufacturing and supply of 125 VDC Power Supply for MDS Master Station was announced.

Support

GE Vernoza's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After order book closed, a repair service follows for items no longer under warranty subject to availability that includes

repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via: <https://www.gevernova.com/grid-solutions/contact.htm?loc=3> or <https://www.gevernova.com/grid-solutions/automation/protection-control-metering>.
