Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 12th December 2024, the discontinuation of the manufacturing and supply of Analog Input Option A for G100 was announced.

On 30th September 2025, this notice was revised in accordance with GE Vernova rebranding guidelines.

On 24th November 2025, the alternatives were revised from Option B or C to Option A 4x+/5VDC or Option V. A typo in the consolidated notice for Alternative Order Code was corrected from C to V to match the description.

OFFERING	STATUS	ALTERNATIVE
Analog Input Option A For G100: 4x+-5VDC / 20mA Analog input Order Codes: G100xxxxAxxxxxxxxxxxxxxxxxxxxxx	Order Book Closed	G100 Analog Input Option A: 4 x +/-5 VDC Order Codes: G100xxxxAxxxxxxxxxxxxxxxxxxxxxx or G100 Analog Input Option V: 4 x 20 mA Order Codes: G100xxxxVxxxxxxxxxxxxxxxxxxxxxx

Support

GE Vernova's warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After order book closed, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.
