Background

GE Vernova Grid Solutions is committed to customer care and the support of our offerings. As part of this commitment, we strive to design high quality offerings, provide knowledge-based support, and to communicate the availability of new features or offerings as well as the pending discontinuation of manufacturing for older offerings or design variants.

On 15th May 2019, the discontinuation of the manufacturing and supply of Faceplate Option G for 8 Series Relays was announced.

On 15th December 2020, the last order date was extended to 31st March 2022, subject to availability.

On 12th January 2022, the last order date was extended to 31st March 2023, subject to availability.

On 27th May 2022, the last order date was extended to 1st December 2023, subject to availability.

On 12th December 2022, a typo was corrected in the order code for 889 with Faceplate Option G and the alternatives were expanded to include Faceplate Option A for 850 relays.

On 18th December 2023, in the order code for 889 with Faceplate Option G was revised and the alternatives were expanded to include Faceplate Option A for 845, 869 & 889 relays.

On 25th October 2025, a typo was corrected in the order code for 889 with Faceplate Option G and this notice was revised in accordance with GE Vernova rebranding guidelines.

On 21st December 2025, the Background section was revised to correct a typo.

Last-Time Buy Window

Please plan the purchase of any additional quantities or spares that you need. Orders should be placed prior to the last order date shown. Orders will be fulfilled based upon availability and shipments typically

occur within three months of last order date. Requests for delayed shipments must be agreed with our factories prior to order acceptance.

Support

GE Vernova’s warranty provision is unaffected by this End-of-Manufacturing/Supply Notification. After the published last order date elapses, a repair service follows for items no longer under warranty subject to availability that includes repairing failed components or modules, but not to providing advanced replacements or a new product or module as a replacement or spare.

Customers should contact us if they need further information concerning the level of service that is provided on a per offering basis.

For Additional Information

If we can provide assistance with migration to new offerings, please contact us for help. Advice and assistance are also available via: <https://www.gevernova.com/grid-solutions/contact.htm?loc=3> or <https://www.gevernova.com/grid-solutions/automation/protection-control-metering>.
