

Express guide - Collaboration Spaces for external users

Purpose

This basic guide was developed exclusively to help external users learn how to navigate Corella in order to rapidly find and download required specifications.

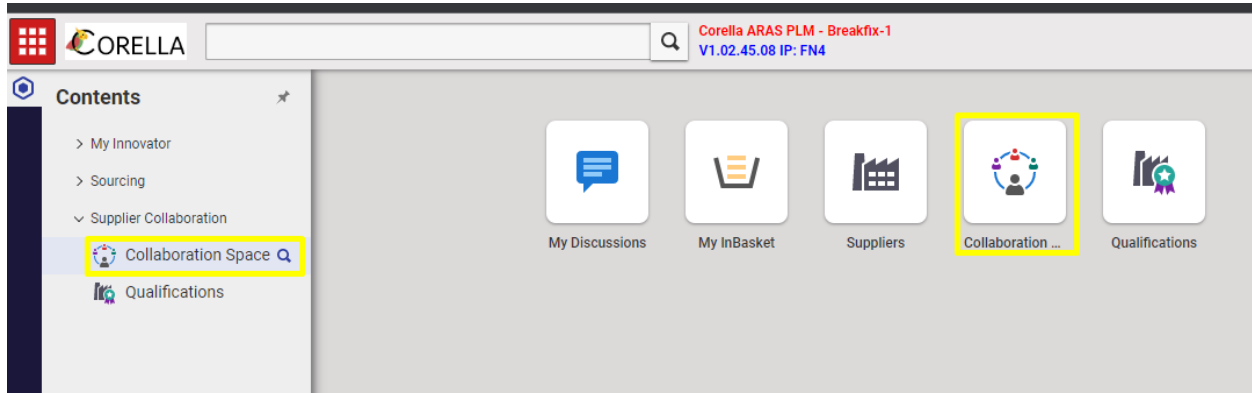

Connexion

1. Log onto <https://corella.ren.apps.ge.com/innovator>
2. Authentication is managed by GE SSO protocol. If you do not have an SSO account, or if the website advises that you do not yet have a Corella profile, please contact your GE buyer to have them send you a Corella access invitation. The invitation will contain instructions on how to create your own SSO ID if you do not yet have one.
3. The home page will contain the following menus :
 - My discussions
 - My Inbasket
 - Suppliers
 - Collaboration spaces
 - Qualifications

Collaboration Space

Click on the "Collaboration Spaces" the icon or in the table of content under the "Supplier Collaboration" menu:

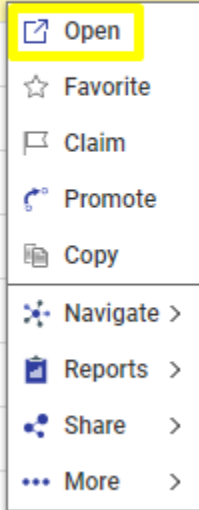

Enter the RFQ or PO number in the search field below the "Collaboration Space #" column name and click on Search or hit the Enter key. N.B You can use the asterisk "*" as a wildcard character to search on a partial string.

The screenshot shows the 'Collaboration Space' search results page. At the top, there's a search bar with 'Collaboration S...' and a search icon. Below it, a filter bar includes 'Search', 'Clear', 'Simple', 'Current', and 'Today'. The main table has columns: 'Auto Update', 'Collaboration Space #', 'Description [...]', 'Revision', 'State', and 'Shared Sp'. The first row in the table has '41022*' entered in the 'Collaboration Space #' column, which is highlighted with a yellow box. Below it, a list of results is shown, each with a checkbox, a PO number, a description, a revision number, a state, and a shared space.
