

Tenova, in collaboration with GE Vernova, to supply the World's Largest EAF to Nippon Steel's Yawata Works

Tenova, a leading provider of sustainable solutions for the metals and mining industries, has been selected by **Nippon Steel Corporation** to supply a record-breaking **Consteel® Electric Arc Furnace (EAF)** for Nippon Steel's Yawata Area at Kyushu Works. Tenova has teamed up with **GE Vernova**, whose **Direct Feed** system will power the EAF.
