Explanatory Statement pursuant to Sections 102(1) and 110 of the Companies Act, 2013 (the "Act") in respect of special business set out in notice of Postal Ballot:

The Company currently, amongst other business activities, as part of its Global Engineering Operations Division (India for Global) ("GEOD") provides engineering services to other GE Grid entities outside India through an Engineering Services team. There is another Engineering Services team in the Company which provides engineering support for the India business of the Company. The services provided to GE Grid entities outside of India by GEOD include engineering support for tendering, project support, product design, etc.

Some of the key points about GEOD are:

- GEOD provides services to more than 15 legal entities.
- Turnover from GEOD was Rs. 859 million for financial year ended on March 31, 2020 which is less than 3 percent of the total turnover of the Company for that period and does not constitute a significant portion of overall turnover of Company.
- The net book value of the fixed assets of GEOD was Rs. 130 million as at March 31, 2020 which is less

than 2% of the net worth of the Company.

- The services provided by GEOD are billed with an average markup of 15% on cost to the Company.
- GEOD is a captive service provider for GE Grid group companies. All customers of GEOD are internal GE entities. There are no customers outside the GE group.
- There are also no specific GEOD patents or licenses in the name of Company.
- The contracts/purchase orders from other GE group Grid companies are issued for short term requirements of up to 1 year. There are no long-term contracts for GEOD.
- There is also no exclusivity from Grid entities in these contracts/purchase orders.

To support GE Grid's global technology development, GE is creating a Global Engineering Operating Center ("GEOC") which is being set-up as part of GE India Industrial Private Limited ("GEIPL"). GEIPL is a related party being a wholly owned subsidiary of General Electric Company, USA.

Setting up of GEOC offers a good opportunity to the Company to realise value by transferring GEOD to GEIPL.

GEOD had turnover of Rs. 859 million out of total turnover of Rs. 31,587 million of the Company during the financial year ended March 31, 2020 which is less than 3% of the total turnover. The net book value of Fixed Assets of GEOD was Rs. 130 million as at March 31, 2020 which is less than 2% of the net worth of the Company. The Company has net worth of Rs. 10,515 million as on March 31, 2020. GEOD provides engineering and product & project design services to global affiliates of GE Grid Solutions and hence is not core to the Company's business. The Company will continue to have an internal team to support such activities of engineering support for tendering, project support, product design, etc. for its own business. The sale would help management to focus on the core business activities of the Company as well as realizing cash from the sale.

Accordingly, it is proposed that GEOD together with the assets and manpower comprised therein be transferred to GEIPL along with its corresponding liabilities on a slump sale basis on an 'as is where is' basis. This transfer of GEOD is proposed to be undertaken as a slump sale for the purpose of the Income Tax Act, 1961.

The transfer would be in best interest of the Company as the following benefits are expected to the Company from the proposed transfer:

- Sale of non-core business – the Company's primary business is in the area of energy including

manufacturing, transmission, distribution, and post-sale services. Engineering services are completely unrelated to its main business. Sale of this operation will help management to focus on core activities.

- The sale proceeds will also infuse cash into Company which will be used for general business purposes and will also help in reduction of debts.

The aforesaid transaction is proposed considering the complementary nature competency, strength, technology of related parties as GEIPL has similar business activity. The transaction is also in the best interest of the Company.

The sale of GEOD will not have any significant impact on the Company's financial position as the contribution of GEOD to overall revenues and profits of the Company is not significant.

Based on the independent valuation done by M/s. Ernst & Young Merchant Banking Services LLP, negotiations between the parties, business plans/ commercial reasons and nature of the transaction, it is proposed to effect this business transfer at an arm's length price of Rs. 873 million (Rupees eight hundred and seventy three million only) to be received on completion of the sale of GEOD. However, there will be agreed adjustment to the price owing to any change in the value of the working capital of the Company as on the expected date of completion of Sale. The Company has entered into a Business Transfer Agreement in this respect. The expected date of completion of the sale of GEOD is at end of day on March 31, 2021 coinciding with the end of financial year 2020-21 subject to satisfaction of identified conditions precedent, including the approval of Shareholders for this Related Party Transaction.

The business transfer is in the form of a slump sale of GEOD which *inter-alia* comprises of:

- Identified fixed assets
- Contracts/purchase orders with customers & vendors including contracts w.r.t IT systems
- Lease/sublease rights in Padappai and Noida (Sectors 83 and 128)
- Manpower (i) full-time employees (ii) contract workers
- Assumed liabilities, arising from or related to the business being transferred
- Goodwill relating to GEOD

Section 180(1)(a) of the Companies Act, 2013 ("the Act") provides that the Board of Directors of a company shall not, except with the consent of the Members by way of a

special resolution through postal ballot, sell, lease, transfer, assign or otherwise dispose of the whole, or substantially the whole, of the undertaking of the Company. Explanation (i) to Section 180(1)(a) of the Act provides that the expression "undertaking" for the purpose of Section 180(1)(a) of the Act shall mean an undertaking in which the investment of the company exceeds twenty percent of its net worth as per the audited balance sheet of the preceding financial year or an undertaking which generates twenty percent of the total income of the company during the previous financial year. Since the proposed sale of the undertaking does not exceed the specified limits mentioned above, approval of the Members' through special resolution under these provisions is not required.

The shareholders of the Company at 64th Annual General Meeting held on September 28, 2020, had accorded their approval by way of an Ordinary Resolution to the Board of Directors of the Company to enter into following transactions with GE India Industrial Private Limited ("GEIPL"), a related party within the meaning of Section 2(76) of the Act and Regulation 2(1)(zb) of the Listing Regulations:

Nature of transaction with GE India Industrial Private Limited	Amount
Borrowings from cash pool (taken/ to be taken excluding interest)	Up to Rs. 10,000 million outstanding at any given point of time
Inter-Corporate Deposits/ lending in Cash pool (given/ to be given excluding interest)	Up to Rs. 1,500 million outstanding at any given point of time
Purchase and sale of goods and services, including support/ shared services	Up to Rs. 1,500 million

As the aggregate amount of transactions entered or to be entered into with the aforesaid related party exceed the limit of 10% of consolidated turnover of the Company as per latest audited financial statements, the matter is brought before the members of the Company for approval.

The Audit Committee and the Board of Directors of the Company at its meeting held on January 15, 2021, accorded its approval, subject to approval of shareholders

of the Company for sale/ transfer/ disposal of Global Engineering Operations Division (India for Global) to GE India Industrial Private Limited together with the assets and manpower comprised therein along with its corresponding liabilities on a slump sale basis on an “as is where is” basis at a purchase consideration of Rs. 873 million being an arms’ length price for the proposed transaction.

Hence, approval of the non-related shareholders is being sought for the said Related Party Transaction(s) proposed to be entered into by your Company with GEIPL.

The Board of Directors recommends passing of the resolution as set out in this Postal Ballot Notice as an Ordinary Resolution.

None of the Directors and Key Managerial Personnel of the Company or their respective relatives, is concerned or interested, financially or otherwise, in the resolution.
