he ministry of commerce and industry will soon clarify that 100% foreign direct investment (FDI) will be applicable in the privatization of Bharat Petroleum Corp. Ltd (BPCL), as the government is exiting the company. The move aims to remove any possibility of confusion, as FDI is now permitted only up to 49% in public sector petroleum refiners. "100% FDI is already permissible in

private sector refining. As BPCL is getting privatized by the government, the same should apply to it as well. DPIIT (department for promotion of industry and internal trade) will soon clarify this," a government official said on the condition of anonymity.

"As this is not a policy change and

only a clarification, the government can get away with this, though the BPCL privatization process is already on and the deadline for fresh bids is over," an FDI policy expert with a law firm said on the condition of anonymity.

The Centre has approved the sale of its entire 52.98% shareholding in BPCL along with the transfer of management control to a strate-

gic buyer. Preliminary information memorandum/expression of interest (PIM/EoI) for strategic disinvestment of BPCL was issued on 7 March 2020. The last date for submission of EoI was extended a few times up to 6 November 2020. The transaction has now moved to the second stage with the receipt of
